25X1A 1. I informed Mr. Cotter, of the staff of the Joint Congressional  
Committee on Atomic Energy, that we were reviewing the case of Mrs.  
[REDACTED] in the light of their request, and that as an initial step our Security  
Officer was checking with AEC on her security background. I also suggested  
25X1A the possibility that Mr. Cotter consider approaching the Joint Chiefs of Staff  
to see whether [REDACTED] case would fit into their special visa provisions.

25X1A 2. [REDACTED], of OO/C, informed me that the Boston office had  
received distress signals from Harvard regarding S. 37, which amends the  
Foreign Agents Registration Act in connection with the entry and use of propa-  
ganda material in the United States. Harvard reported that the exceptions  
for academic material had been deleted from the bill as it had passed the  
Senate, but I informed Mr. Crowe that that provision was still included.
